Bogotá, Colombia

## Profile

Experienced Tech Manager and Full Stack Developer with a passion for innovation and cutting-edge technologies. Proficient in Node.js, TypeScript, React, React Native, and Flutter, I have successfully led and contributed to numerous software development projects. With a strong background in cloud computing, I am well-versed in Google Cloud Platform (GCP) and possess a working knowledge of Amazon Web Services (AWS).

## Employment History

### Senior Full Stack Developer at Ingresse, São Paulo Remoto

05/2024–12/2024

Como Full Stack Developer em Ingresse. Meu objetivo era desenvolver com python, node e React para um sistema de ticketing de uma empresa no Brasil, trabalhando com múltiplas equipes em diferentes áreas

### Senior Full Stack Developer at Zingular, Bogota

08/2023–05/2024

In my present capacity at Zingular, I am assuming a pivotal role as a Senior Full Stack Developer, driving the inception and progressive development of the technology division. My role is centered around leveraging my comprehensive technical expertise to spearhead the growth of the technology area within the organization.

### Tech Manager at Chiper S.A.S, Bogota

10/2018–07/2023

As the Tech Manager at Chiper, I held a pivotal role in spearheading a dynamic development team. At the helm of our product's evolution, I meticulously prioritized tasks and initiatives, enabling streamlined project progression and efficient resource allocation. My responsibilities extended beyond conventional leadership, encompassing the formulation of comprehensive strategies that charted our product's trajectory.

### Full Stack Developer at Imaginamos, Bogota

10/2017–10/2018

As a Full Stack Developer at Imaginamos, I played a pivotal role in the dynamic landscape of software development. My position required proficiency across both front-end and back-end technologies, allowing me to contribute comprehensively to our projects.

# Education

## **Tecnologo, Sena, Bogota**

10/2016–10/2018

During my time at SENA, I undertook a comprehensive technology program focused on the intricacies of Systems Analysis and Development. This educational journey equipped me with a robust skill set and in-depth understanding of the principles that underpin modern information systems.

## **Ingenieria de sistemas, CUN, Bogota**

02/2023–Present

Currently, I am immersed in a transformative academic endeavor at CUN, where I am diligently pursuing a degree in Systems Engineering. This educational journey represents a significant commitment aimed at realizing a goal that was previously left unfulfilled.
